

COVID-19 Announcement

March 19, 2020

Wilson Trailer Company is focused on meeting our customers' needs while maintaining the health and safety of our customers and employees. We are monitoring the current COVID-19 situation closely and wanted to share what we are doing to keep everyone safe.

Currently, our manufacturing plants are open and running at normal operating levels. Our goal is to meet the demands of our customers. At this time, all deliveries are planned to be kept on time. Wilson Trailer Sales Outlets and Parts and Service facilities are open with no change to hours of operation. We have moved a number of our employees to work from home, so while you may see fewer people, know that we are still working to provide the best products we can for our customers.

We want to practice especially safe operations during this time and ask that you help us by following the guidelines outlined below:

- Practice the accepted social distancing of 6 feet when you visit us
- Avoid handshaking
- Call ahead to schedule an appointment or let us know you are coming. Contact information can be found on our website at www.wilsontrailer.com/contact/.
- Ask for the protocol of the facility you are visiting. In many instances, we will ask you to stay in your truck and we will come to you.

We will continue to monitor the situation and provide updates on our website and social media pages. We value your business and appreciate your patience and understanding as we navigate these challenging times.
